Benefits of ClearView™

- With a simple click of the built-in disc, warming will start immediately, no electricity or warm water is needed
- The ClearView™ Scope Warmer generates a significantly higher difference during the complete process of pre-warming the endoscope
- The ClearView™ exchanges 75% more energy at the start compared to using warm water
- The ClearView™ device warms full scope length to 37° within 90 seconds
- Within 5 minutes the ClearView™ Scope Warmer will reach a maximum temperature of 51°
- The heating reaction within the ClearView™ Scope Warmer will continue, staying above body temperature for 120 minutes
- For maximum benefit of warming the endoscope, it is advised to wrap the Scope Warmer in a sterile towel
