

DTR Medical®

AN
INNOVIA
MEDICAL
COMPANY

THE 'PRO'FILE

Ensure Superior Access and Visualisation of the Surgical Site – Try our Sterile Single-use Langenbeck Retractor

The Design Checklist

- ✓ Used to retract soft tissue and wound edges, including neck fat reduction procedures
- ✓ 44mm blade size
- ✓ Ring handle for secure grip you can rely on during surgery

Clinicians' Experiences

Don't just take our word for it ...

"The customer came to DTR Medical as their existing supply was of poor quality...very happy with the quality of our device and has since placed an order."
Consultant Plastic Surgeon

Clinical Value -

Specially Designed to Enable an Effective Retraction in a Wide Range of Procedures

TIME

With prompt delivery guaranteed, we endeavour to meet your service needs. Avoiding costly delays, reducing hospital stock holding and improving lead time for instruments

Eradicate time wasted waiting for Surgical Instruments to be sterilised

LIFE

Eliminates the risk of cross-contamination

COST

No burden of Sterilisation costs

This is a cost-effective alternative in comparison to poor quality, cheap Instruments that require opening multiple Packs per patient

No shortage of Instruments whilst undergoing repair

YOUR SINGLE-USE SOLUTION WITH CONFIDENCE
