

Get 'Hooked' on First Time Sharpness – Use our Sterile Single-use DTR Medical[®] Cawthorne Hook

The Design Checklist

- ✓ **0.4mm** wide Hook ensures precision and accuracy
- ✓ Choice of hook with a **90°** bend or straight point

Clinical Value – First Time Sharpness at your Fingertips

TIME

Ready to use Sterile Single-use Instrument means no delay to your procedure
With prompt delivery guaranteed, we endeavour to meet your service needs. Avoiding costly delays, reducing hospital stock holding and improving lead time for instruments

LIFE

A delicate Single-use Instrument that is precise
Eliminates the risk of cross-contamination

COST

This is a cost-effective alternative in comparison to poor quality, cheap instruments that require opening multiple packs per Patient
No burden of Sterilisation costs
No cost of replacing re-usable Instruments that can be easily bent

Clinicians' Experiences - Don't just take our word for it ...

"...the DTR Medical Cawthorne Hook is perfect. Nice and thin! We avoid using our current Hooks as they are too chunky, especially under a microscope."

ENT Consultant

"It has a good balance, is sharp and consistent which is great for theatre work."
