

## 'Fine'-ally Forceps Suitable for Delicate Ear Procedures - Use our Sterile Single-use Crocodile Fine Jaw Micro Forceps

### The Design Checklist

- ✓ Allows an effective removal of Foreign Bodies from the Ear Cavity
- ✓ Commonly used for Wax Removal, Foreign Body Removal and Grommet Placement
- ✓ Precise 0.9 x 5mm jaw action that can be used with the smallest Specula
- ✓ For Paediatric use or where good vision is critical
- ✓ Smooth, matt black finish prevents any reflection when used with a Microscope providing you with enhanced clarity during procedures
- ✓ Optimal first-time use and accurate grip
- ✓ 100% inspection and dimensional checks on every Instrument

## Clinical Value - The Surgeon's Choice

**TIME**

A delicate Single-use Instrument that is precise every time

With prompt delivery guaranteed, we endeavour to meet your service needs. Avoiding costly delays, reducing hospital stock holding and improving lead time for Instrument

**LIFE**

Eliminates risk of contamination from occluded surfaces

**COST**

Single-use Crocodile Fine Jaw Micro Forceps avoids costly repairs to damaged or worn jaws

This is a cost-effective alternative in comparison to poor quality, cheap Instruments that require opening multiple Packs per patient

No burden of Sterilisation costs

## Clinicians' Experiences - Don't just take our word for it ...

**"Really happy with the Fine Jaw Crocodile Micro Forceps for Outpatients."**

ENT Department, NHS Greater Glasgow and Clyde
