

First Time Results Achieved with our Single-use Myringotomy Range

Myringotome Narrow Arrow

Ear Specula

Rosen, Oval, Shea & Tumarkin available

Vent Tubes & Grommets

The Design Checklist

- ✓ Wide range of Single-use Myringotomy instruments to assist in the process of creating a hole in the ear drum and allowing trapped fluid in the middle ear to drain out

Myringotomy Knives:

- ✓ First time sharpness for precision
- ✓ Ability to bend to require angle

Ear Specula:

- ✓ Matt black finish improves light transmission and vision
- ✓ Smooth edges for patient comfort and safety

Vent Tubes & Grommets:

- ✓ Comprehensive range of designs, sizes, and materials
- ✓ Available with or without wires

Cream Applicator:

- ✓ Engineered for use with luer lock Syringe

Zoellner Suction Handle with Suction Tubing:

- ✓ Specifically designed to provide precision and control during ENT procedures
- ✓ Complete suction system includes suction tube with handle, tubing, and adapter

NETCELL[®] PVA Ear Wicks:

- ✓ Designed to facilitate instant delivery of antibiotics into the Ear Canal, this works perfectly to provide fast pain relief when treating Otitis Externa
- ✓ UK manufactured from ultra-smooth, biocompatible PVA Sponge that ensures a softer surface

Fine Jaw Crocodile Micro Forceps:

- ✓ Precise 0.9 x 5mm jaw action that can be used with the smallest Specula
- ✓ For Paediatric use or where good vision is critical
- ✓ Smooth, matt black finish

Micro Suction Tubes:

- ✓ Stainless steel tube with colour coded luer connector for micro suction use
- ✓ Available in 86, 110, and 120mm lengths

Clinical Value - Eliminate Contamination Risks in OPD Procedures

TIME

Put your time to better use and try our range of Sterile Single-use Myringotomy Instruments that work first time

With prompt delivery guaranteed, we endeavour to meet your service needs. Avoiding costly delays, reducing hospital stock holding and improving lead time for Instruments

LIFE

Avoids the risk of cross-contamination

COST

Removes the risk of repeated Sterilisation damaging your fine Instruments

No shortage of Instruments whilst undergoing repair

Clinicians' Experiences - Don't just take our word for it ...
